ABSTRACT

This directory aims to help educators throughout the country coordinate services for migrant students from Florida enrolled in another state. The state of Florida has made a commitment to assist receiving state programs by sharing pertinent academic information on migrant students. This directory provides help in locating the appropriate contact person; the Florida Migrant Interstate Program is the back-up when all else fails. The directory contains the following: an index of Florida counties; an alphabetical list of Florida cities that indicates each city's county; personnel and contact information for state agencies; and a list of counties and school districts in each of Florida's five regions with contact information for sending and receiving academic information on migrant students. Counties that will accept credits for the Florida semi-independent study courses are indicated. A map of Florida regions and their counties is included. (SAS)

HOW TO USE THIS DIRECTORY

This directory has been produced in connection with the Florida Migrant Interstate Program and ESCORT to help educators throughout the country coordinate services for migrant students from Florida.

The state of Florida has made a commitment to assist receiving state programs by sharing pertinent academic information for any student who is enrolled in another state. Once you identify the homebase district or city, please contact the **district person responsible for sending and receiving information** (listed in **bold** in the directory). If you are unable to determine the homebase district or city, please contact a Florida regional center.

To assist you in locating the appropriate contact person use the following tables: First use the Florida Cities and Counties (pages 3-14) and locate the city. The county will be identified to the right. Then use the Florida Counties (page 2) for the page number to locate the contact person in that particular county. Counties with an (*) have no migrant education programming at present. Counties with a (**) will accept credits from the Florida semi-independent study courses (for more information, contact the Migrant Secondary Education Service Center at 813-757-9331).

In the event that you are unable to get in touch with the appropriate district level person, the State of Florida has a back-up plan. Call or contact the:

FLORIDA MIGRANT INTERSTATE PROGRAM
506 NORTH 9TH STREET
IMMOKALEE, FLORIDA 34142
TEL: (941) 657-6866
1-800-949-1916
FAX: (941) 657-6354
e-mail: wigginsfmip@juno.com

Please remember that you should **contact the district level person first**, for they will most likely have the information you need. After all else fails, the Florida Migrant Interstate Program is your back-up and they will do their best to track down the information.

Thank you for using this directory to assist migrant students with the appropriate educational plan that will provide them the best opportunity to graduate from school.
